The First
International Conference on Code Quality (ICCQ)

In cooperation with the IEEE Computer Society.

Innopolis, Kazan, Russia
27-Mar-2021 (one day)
www.iccq.ru / EasyChair CFP

Anders Møller	Zhang Yuxin	Sergey Zykov	Yegor Bugayenko
Aarhus Uni	Huawei Cloud	HSE	Huawei RRI
Keynote	Steering Chair	PC Chair	Orgs Chair

We believe that the quality of the source code that millions of programmers write every day could be much higher than it is now. We believe that the contribution computer science can make to improve this situation is greatly undervalued. We aim to solve this problem by gathering together cutting-edge researchers and letting them share their most recent ideas.

Sponsored by and held at HSE University.

Topics: Static Analysis, Bug Detection, Maintainability.

Papers will be published in the *Proceedings of ICCQ*, will appear in IEEE Xplore®, and will be indexed by Web of Science, Scopus, Google Scholar, DBLP, and others.

Thanks to our partners, publishing will be free.

Paper/abstract submission date: 18 Dec 2020
Author notification: 5 Feb 2021
Camera-ready submissions: 19 Feb 2021

ICCQ is also sponsored by: Ivannikov Institute for System Programming (ISP) of the RAS, Moscow State University (MSU), Moscow Institute of Physics and Technology (MIPT), RUSSOFT, SECR, Huawei, SberCloud, Yandex, Kaspersky, and others.
